Dear Bengt:

Attached here you will find a copy of the study on the topic of "Crimes in Hotels" that we conducted in Central Florida. As I mentioned to you, while in Ostersund, I would be interested in doing a comparative study in cooperation with your newly established Centre on the above or other similar studies.

Once again, congratulations on a wonderfully executed conference. I enjoyed every minute of it, and most importantly I learned a lot.

Thanks and best regards.

Sincerely yours,

Abraham Pizam, Ph.D.
Professor of Tourism management
